

Hello BPS digital learning families!

We are so excited to embark on this learning journey with you. Although this school year may look a bit differently, we want you to know that we are here to support and encourage your child throughout his or her digital learning experience. The digital teachers from Battlefield Primary School are Lauren Lancaster (Kindergarten), Jennifer Romans (1st grade), Jayme Dills (2nd grade), and Sheila VandeLune (2nd grade). Digital learning will look different than it did last spring for students, parents, and teachers. Catoosa County has purchased a digital learning platform for elementary students called SchoolsPLP. This platform will house reading, math, science, social studies, music, and physical education lessons for your child. Along with SchoolsPLP, students will complete Lexia and Dreambox lessons throughout the week. Teachers will schedule meetings with students through Google Meets. These meetings will take place in small groups, whole group, or individual settings. Our main form of communication will be through Class Dojo. You will find the Class Dojo letter in this welcome packet. Please connect to your child's classroom as soon as possible so you can begin receiving important information and updates. The first few days will be used as getting to know you, procedures and policies, and helping you get familiar with the various platforms we will be using. Please see the "getting started" list in this packet to be sure you can access each application we will be using. We are looking forward to working with you and getting to know your child! Please don't hesitate to contact us with any questions you may have.

Thank you,

Lauren Lancaster
